

THE 1965 PIED PIPER FOOTBALL SQUAD  
... to finish season Friday night with Anson

## Hamlin-Anson Clash To Close Out Season

With district hopes long gone for both teams the Pied Pipers travel to Anson Friday night for the final game of the season. The game will decide the mythical Jones County champion with both teams holding 7-0 wins over Stamford. The winner will also avoid the bottom rung of the district ladder.

The Tigers from Anson are 4-5 for the season and 1-4 in district play, while the Pipers are 3-5-1 for the season and 1-4 in district.

The Tigers hold wins over Aspermont, Albany, Cisco and Stamford while the Pipers have downed Rotan, Post and Stamford and tied Cisco.

Anson will be operating from the Winged T, Straight T, and the Flanker T with 202-pound Daril Pineda, who operates from the tailback slot being the big running threat. Quarterback Craig Huber

likes to throw the roll-out pass and is considered a strong threat when he takes to the air.

Coach Joe Youngblood said,

The Hamlin B Team will close out their season tonight (Thursday) when they travel to Throckmorton to play the Greyhounds at 7:30.

The B Team will be playing the class B school's varsity.

This week that all of his charges will be in good shape for this contest.

Probable starters for the Tigers will be Mike Brown (175) at left end, Freddie

## Drive to Raise Money for Street Signs Set Nov. 18

A fund raising drive will be held here Nov. 18 from 5 to 9 p.m. to secure the necessary money to place 273 new street markers in Hamlin.

The drive, sponsored by the Hamlin Board of Community Development, Hamlin Jaycees and Hamlin Jayceettes, will need the support of everyone. The new street markers, large black letters on white background, will cost approximately \$11 each. They will be set on new posts in concrete.

The plan is for the city to pay for the signs on Lake Drive and Central Avenue with donations paying for the balance of the signs. Since there will be two signs on the two main thoroughfares at each intersection and only one sign at the rest of the intersections the city will be paying for approximately half of the project.

The new markers will re-

place the present markers and will be placed on streets that are not marked now. There will be no change in street names or numbers.

Bill Early, president of the Jaycees, said that anyone wishing to pay for his block sign may do so by calling Mrs. Ruby Moore at the BCD office, SP 4-1501. The signs are scheduled to be installed around Jan. 1, 1966, but those

calling early will get first consideration.

Early added that some sections of town have more homes than others and those who can are urged to give generously so that the project will be balanced out over the whole city.

Everyone is urged to have their check ready when they are contacted on Thursday, Nov. 18.

## Winters Works Over Pipers To Tune of 42-0 Friday Night

The Past Pipers took a 42-0 drubbing Friday night from the Winters Blizzards as the Pipers could not stop the hard offense nor master the Blizzards defense.

The Blizzards scored in every quarter after going on a 22 point campaign in the first period.

The Blizzards scored each time they got the ball in the first period on drives of 32 yards, 64 yards, and 73 yards.

The Blizzards stayed on the ground for their first score with Quarterback Richard Puckett sneaking in for the final yard. Puckett passed to Chase Bishop for the two points.

Puckett passed four times for 46 yards on the next scoring drive with Halfback Leroy Kettler picking up the final 18 yards for the score. Puckett passed to Mike Holloway for the two points.

The next score came on a 41 yard drive with Kettler. The extra point try failed.

Late in the second quarter, with Alvin Dunn at quarter-

### Joe D. Helms To Sheppard AFB

San Antonio. Airman Third Class Joe D. Helms, son of Mrs. Inez Neely of 1112 S. Central, has been selected for technical training at Sheppard AFB, Tex., as a U. S. Air Force aircraft maintenance specialist.

The airman recently completed in the fourth quarter following a pass interception at the Hamlin 30. Fullback Jerry Awalet picked up 15 yards and Dunn passed for five, lost one and then hit over his right guard for the 11 yards to paydirt. The extra point try failed.

## What's In A Name? In Texas-- Nothing, Says Highway Dept.

Austin. Names, sometimes have to do double-duty in Texas, especially on the Official State Highway Map published by the Texas Highway Department.

You'll find Dallas in Dallas County, El Paso in El Paso County, Lubbock in Lubbock County, Nacogdoches in Nacogdoches County. But that doesn't prove a thing.

You might suppose that Huntsville would be in Hunt County. But it isn't. It's Walker County. And Jefferson, the town, should be in Jefferson County. Actually it's a good 200 miles north of Jefferson County, in Marion County.

Jefferson County does include the community of Sa-

pletted basic military training at Lackland AFB, Tex. His new school is part of the Air Training Command which conduct hundreds of specialized courses to provide technically-trained personnel for the nation's aerospace force.

Airman Helms, a 1961 graduate of Repton (Okla.) High School, attended Panhandle A & M College, Goodwell, Okla.

hine, but Sabine County is about 75 miles away. Sabine County on the other hand, is the site of a town named Milam -- but Milam County is a far piece west in central Texas.

Cameron is the county seat of the county -- Milam County, that is, not Cameron County. Brownsville is the county seat of Cameron County and Brown County is hundreds of miles north in west central Texas. Oddly enough, Brownwood is its county seat.

Not confused enough? Okay, let's look again. Start with Caldwell County. Don't bother to look for the city of Caldwell there. It's in Burleson County. Burleson, the town, is in Johnson County and Johnson City -- you've heard of this place -- is miles away in Blanco County.

Or take Houston. Houston is in Harris County, but, Houston County is three counties north, and the city of Crockett is its county seat. Crockett County is in far west Texas.

Look up Dimmitt County on the map. It's in south Texas. But the town of Dimmitt

Twice an extra "t" is in Castro County in the Panhandle. Yes, Castroville is back down in south Texas, in Medina County. Medina is in the next county north, Borden.

If you still aren't dizzy, check Smithville -- in Bastrop County. Smith County is in east Texas and includes the City of Tyler. Tyler County is further north, in east Texas next to Smith County.

There are others, but by now you should have got the idea. You can find them all on the Official State Highway Map. And at the same time you may want to start planning your next vacation or week-end outing in beautiful Texas -- America's Fun-Tier.

A copy may be obtained by writing the Travel and Information Division, Texas Highway Department, P. O. Box 5064 (78703). Ask for specific travel information about the area you wish to visit.

## Neinda Philosopher Wants to Help Beautify America But Is All Too Sure Where to Start

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 discusses beauty in his letter this week, we suppose.

I was wandering around this Johnson grass farm yesterday afternoon thinking up what I could do to it to bring it up to the standards of the National Beautification program when I saw a newspaper had blown against a gate and I rushed over and pulled it off. I've had enough trouble keeping that gate standing without risking its going over from added wind resistance, and took it over to the sunny side of the barn and read a while.

The first article that jump-

ed out at me was one on the steps American business men are taking to make America more beautiful.

According to it, one power company is housing its substations in log cabins, so a passing motorist would never guess they had anything to do with electricity.

I have been thinking this over and haven't been able to figure out why a log cabin is more beautiful than a power plant's brick substation, unless it's simply that an Indian would consider a wigwam prettier than a log cabin, or a cave-dweller a cave prettier than a wigwam, or some people admire a candle over a light bulb, but nevertheless I have approached the problem

from this angle and would appreciate your suggesting how I can disguise my barn so it won't look like a barn. I don't suppose anybody has any plans for keeping a farmer from looking like a farmer, but you never know. Some Congressmen have swung it in their department.

Or take my house. I don't believe it would come within a mile of the architectural standards of any classical style, or modern either for the matter, and while I know I ought to I'll never be able to get a log cabin built around it.

Or take junk yards. I know they're unsightly and unpleasant, there's a psychological thing about them, it's that nagging fact that sooner or later the car you're driving will be there too, but for a man with a second-hand car with a worn-out transmission looking for a replacement he's going to install himself to avoid a repair bill higher than the value of the entire car, a junk yard is as pretty as a brick substation to a farmer tired of using a kerosene lamp.

I'm in favor of beautifying America by beautifying this Johnson grass farm, but I don't know where to start. Well, I know where to start too, but this place is not for sale.

Yours faithfully,  
J. A.

'66 Chevelle Malibu Sport Coupe (foreground) and new 4-door Malibu Sport Sedan.

Two racy new hardtops

A clean-sculptured new sport coupe with recessed rear window, and—for the first time—a 4-door Chevelle Sport Sedan. Pick from 12 racy-looking new Chevilles in all for '66.

Not only will you find more variety in the '66 Chevelle lineup, but even more of what makes a Chevelle a Chevelle. Say you pick a new Malibu Sport Sedan and specify the new 220-hp V8. You've got yourself quite a machine.

Or pick a Malibu Sport Coupe, equip it with the new Strato-bucket front seats, and order the new 275-hp V8. You've got yourself even more machine.

Or maybe you'd like to pick a new black-grilled SS 396 Coupe or Convertible. (Standard engine is a Turbo-Jet 396 V8 with 325 hp. And there's also a 360-hp version you can specify.) Now you've got yourself the most.

Which '66 Chevelle for you? The answer to that covers a lot more ground than we can here. And that's where your Chevrolet dealer comes in.

YEARS AGO...

**FIFTY YEARS AGO**  
November 12, 1915  
A party of Hamlin ninetee returned from the haunts of the much coveted deer after having much success. This party consisted of D. J. Payne, Riggan Edwards, L. E. Morgan, O. K. Wilson, F. Tidwell and Bert Myers. Payne won the honor of killing three deer out of five. Tidwell shot the other two. All report a good time.

The Womens Literary Club met with Mrs. A. A. Hackley. This being Library and Carnegie day, a number of spirited talks were given in favor of improving our Library. However, it was decided not to start the book reception until we had procured a Club house or a place to put the Library.

A little walk along the streets of Hamlin reveals the fact that our yards are full of the finest of beautiful fall flowers. We suggest a flower show next year. It would be hard to say just which street would be the prettiest just now, but there is one thing sure 9th would be hard to beat.

The school near Plasterco, known as the Martin school is to have a nice, new modern house nearer to Plasterco. The house will cost about \$2,000, and will be built on the latest plans.

Sunday night while a party of young men, consisting of Bert Nobles, Otto James, Scott and Guss Nobles were out on the road some three miles from town a coyote took the road ahead of them and of course the "Ford" had to "get by" some way. The result was, a dead coyote. No, the car was not injured, neither will the boys be pinched for speeding.

Rotan needs a new calaboose the worse kind as the one we have is of no use. Last week, three prisoners dug their way to freedom while one dug out Friday night. There is no use of arresting anyone if we cannot keep them at least to stand trial.

**Uncommonly good cooks use cool, modern gas**

When you turn on a modern gas range it starts cooking—instantly.

There's no warm-up period. When you turn off a gas range it stops

cooking—instantly. There's no hangover heat to heat your kitchen or

burn your food. And when you broil with gas you can keep the door

closed because the gas flame consumes the smoke. You and your

kitchen stay cooler, cleaner. Uncommonly good suggestion:

see the modern gas ranges now on sale at Gas Appliance

Dealers—or Lone Star Gas.

**God Bless...**

God bless Mommie, Daddie, and all my friends at church...

"Hearken unto the voice of my cry, my King, and my God."

God's word has a great deal to say about prayer, for prayer is our means to communicate with God. Through prayer we can give thanks, petition for our friends, and seek God's wisdom for our daily living.

Make prayer a daily practice in your life.

**EVERYONE IN THE CHURCH**

**THE CHURCH IN EVERYONE**

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

## FAIRVIEW NEWS

By Mrs. Elmer Joiner  
News gets scarcer and scarcer out our way, since the beautiful weather is still around and every one is as busy as can be, no one has time to think about going visiting. Maybe when they all get through with gathering cotton we can report that they all went shopping, since Christmas is getting closer and closer. It wouldn't be very interesting reading that John and Mary stripped cotton last week, John ran the stripper and Mary hauled it to the gin, so maybe if the weather stays pretty for a while longer our people can have time to do something besides work.

Speaking of the weather, this Monday morning is dark and gloomy, just wonder what it will bring, but every thing is still green, with the little wheat up and really growing. Has been ideal weather to sow wheat to get it up, it looks as if every seed came up.

Mrs. J. F. Vaughn and the Elmer Joiners were visitors of the Drakes, last Monday night. Mr. and Mrs. Buck Richie had been visiting for almost a week and we were all anxious to see Mrs. Richie demonstrate how she could walk on her new legs and she does a good job of it already, she has the grit and determination that it takes. The Richies returned home to Tulsa, Oklahoma Tuesday morning.

We were so sorry to hear that Mrs. C. C. (Miss Tennie) Renfro, had suffered a stroke and was in the Hamlin Hospital, but at last report she was improving.

Plans had been made for the friends and neighbors of Joe Murff to go today and help him strip his cotton, but owing to damp weather this morning it looks as if it will have to be postponed. Since Mrs. Murff is in the Hospital, seriously ill, he really could use a neighborly act.

Mr. and Mrs. Jimmy Henry, Judy and Cathy, Midland, were Sunday visitors of Mr. and Mrs. E. A. Henry, Sunday. Other Sunday visitors were, Mrs. Mary Sue Henry, of Rule and Mrs. Ethel Bullock, of Petersburg. Mrs. Bullock is Mr. Henry's sister.

Mr. and Mrs. Claud Harrel, Anson were supper guests of the Winslow Grays, last Thursday night.

Saturday night visitors of the Elmer Joiners were their children, the Jimmy Joiners, Stamford and Mr. and Mrs. Runt McCoy, Hamlin.

The wasps had become so thick in our church that it took a lot of nerve to set still and let them fly around, but last Wednesday, Mr. Ford went to church and killed them out. It being the time of

year that they are coming inside, some more had come in, but not nearly so many, maybe with one more killing we will be rid of them for the winter.

It looks as if some one is going to have to set some mouse traps and catch the mice, for another one played all over the building again Sunday night. Wasps, snakes, or even bears, might scare most people, but for myself a poor little mouse is the most frightening thing in the world. Isn't that silly, what could a poor little mouse do to you? Except scare you to death!

### Pauline Hunt Attends Nursing Home Convention

Pauline Hunt associated with Holiday Lodge was one of 500 nursing home representatives to attend the Texas Nursing Home Association 15th Annual Convention in Houston which ended Nov. 6.

Based on the theme "The Future of Nursing Homes in the Great Society," the statewide meeting drew registrants from all areas of Texas and speakers from all over the United States.

Conventioners heard Dr. Donald Conwell, of the Public Health Service, speak on nursing home participation in medicare; Senator Ralph Yarborough predict the future of the nursing home profession; William Hunt, Attorney for the U. S. Chamber of Commerce in Washington, speak on federal legislation affecting nursing homes; and Douglas Torrie, of the Veterans Administration, explain the V. A. contact patient program. Workshops and a business meeting completed the four day meeting.

The Texas Nursing Home Association is a professional association serving proprietary and non-profit nursing, convalescent and custodial care homes in Texas.

Through these agencies the U. N. carries out its major work which is social and economic, in addition to its working toward international peace and security.

An informal discussion with members participating concluded the program.

Area Farm and  
Ranch News

By Don Elmore

Several head of cattle have been reported lost in the local area from Blackleg. Those farmers who have not vaccinated all of their calves between two months and two years of age should do so.

No one is completely free of the germ because it has been known to live in the ground for as long as 12 years. It usually hits the better calves weighing from 400 to 600 pounds.

Johnny Dominey, son of Mr. and Mrs. Bill Dominey, is attending Ranger Junior College. Johnny has a rodeo scholarship. He will be entering calf roping events at the college rodeos in the future.

This is relatively new for anyone to receive scholarships in rodeoing, but the sport is growing fast and it is a means for young people to get an education.

The All Girls rodeo at Sweetwater was a big success and anyone who didn't see the girls milking cows missed something.

## Hamlin-Anson Clash To Close Out Season

With district hopes long gone for both teams the Pied Pipers travel to Anson Friday night for the final game of the season. The game will decide the mythical Jones County champion with both teams holding 7-0 wins over Stamford. The winner will also avoid the bottom rung of the district ladder.

The Tigers hold wins over Aspermont, Albany, Cisco and Stamford while the Pipers have downed Rotan, Post and Stamford and tied Cisco.

Anson will be operating from the Winged T, Straight T, and the Flanker T with 202-pound Daril Pineda, who operates from the tailback slot being the big running threat. Quarterback Craig Huber

likes to throw the roll-out pass and is considered a strong threat when he takes to the air.

## Drive to Raise Money for Street Signs Set Nov. 18

A fund raising drive will be held here Nov. 18 from 5 to 9 p.m. to secure the necessary money to place 273 new street markers in Hamlin.

The drive, sponsored by the Hamlin Board of Community Development, Hamlin Jaycees and Hamlin Jayceettes, will need the support of everyone. The new street markers, large black letters on white background, will cost approximately \$11 each. They will be set on new posts in concrete.

The plan is for the city to pay for the signs on Lake Drive and Central Avenue with donations paying for the balance of the signs. Since there will be two signs on the two main thoroughfares at each intersection and only one sign at the rest of the intersections the city will be paying for approximately half of the project.

The new markers will re-

place the present markers and will be placed on streets that are not marked now. There will be no change in street names or numbers.

Bill Early, president of the Jaycees, said that anyone wishing to pay for his block sign may do so by calling Mrs. Ruby Moore at the BCD office, SP 4-1501. The signs are scheduled to be installed around Jan. 1, 1966, but those

calling early will get first consideration.

Early added that some sections of town have more homes than others and those who can are urged to give generously so that the project will be balanced out over the whole city.

Everyone is urged to have their check ready when they are contacted on Thursday, Nov. 18.

Austin, — Names, names, names have to do double-duty in Texas, especially on the Official State Highway Map published by the Texas Highway Department.

You'll find Dallas in Dallas County, El Paso in El Paso County, Lubbock in Lubbock County, Naugleches in Naugleches County. But that doesn't prove a thing.

You might suppose that Huntsville would be in Hunt County. But it isn't. It's Walker County. And Jefferson, the town should be in Jefferson County. Actually it's a good 200 miles north of Jefferson County, in Marion County.

Jefferson County does include the community of Sa-

pletted basic military training at Lackland AFB, Tex. His new school is part of the Air Training Command which conduct hundreds of specialized courses to provide technically-trained personnel for the nation's aerospace force.

Airman Helms, a 1964 graduate of Reydon (Okla.) High School, attended Pan-

handle A & M College, Goodwell, Okla.

hing, but Sabine County is about 75 miles away. Sabine County on the other hand, is the size of a town named Milton — but Milton County is a far piece west in central Texas.

Cameron is the county seat of the county — Milton County, that is, not Cameron County. Brownsville is the county seat of Cameron County and Brown County is hundreds of miles north in west central Texas. Oddly enough, Brownwood is its county seat.

Not confused enough? Okay, let's look again. Start with Caldwell County. Don't bother to look for the city of Caldwell there. It's in Burleson County. Burleson, the town, is in Johnson County, and Johnson City — you've heard of this place — is miles away in Blanco County.

Or take Houston. Houston is in Harris County, but, Houston County is three counties north, and the city of Crockett is its county seat. Crockett County is in far west Texas.

Look up Dimmitt County on the map. It's in south Texas. But the town of Dimmitt

With an extra "n" is in Castro County in the Panhandle. Yes, Castroville is back down in south Texas, in Medina County. Medina is in the next county north, Borden.

If you still aren't dizzy, check Southville — in Eastland County. South County is in east Texas and includes the City of Tyler. Tyler County is further north, in east Texas next to Smith County.

There are others, but by now you should have got the idea. You can find them all on the Official State Highway Map. And at the same time you may want to start planning your next vacation or week-end outing in beautiful Texas — America's Fun-Tier.

A copy may be obtained by writing the Travel and Information Division, Texas Highway Department, P. O. Box 5064 (78703). Ask for specific travel information about the area you wish to visit.

# Neinda Philosopher Wants to Help Beautify America But Is All Too Sure Where to Start

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 discusses beauty in his letter this week, we suppose.

I was wandering around this Johnson grass farm yesterday afternoon thinking up what I could do to it to bring it up to the standards of the National Beautification program when I saw a newspaper had blown against a gate and I rushed over and pulled it off. I've had enough trouble keeping that gate standing without risking its going over from added wind resistance, and took it over to the sunny side of the barn and read a-while.

The first article that jump-

ed out at me was one on the steps American business men are taking to make America more beautiful.

According to it, one power company is housing its substations in log cabins, so a passing motorist would never guess they had anything to do with electricity.

I have been thinking this over and haven't been able to figure out why a log cabin is more beautiful than a power plant's brick substation, unless it's simply that an Indian would consider a wigwam prettier than a log cabin, or a cave-dweller a cave prettier than a wigwam, or some people admire a candle over a light bulb, but nevertheless I have approached the problem

from this angle and would appreciate your suggesting how I can disguise my barn so it won't look like a barn. I don't suppose anybody has any plans for keeping a farmer from looking like a farmer, but you never know. Some Congressmen have swung it in their department.

Or take my house. I don't believe it would come within a mile of the architectural standards of any classical style, or modern either for the matter, and while I know I ought to I'll never be able to get a log cabin built around it.

Or take junk yards. I know they're unsightly and unpleasant, there's a psychological thing about them, it's that nagging fact that sooner or later the car you're driving will be there too, but for a man with a second-hand car with a worn-out transmission looking for a replacement he's going to install himself to avoid a repair bill higher than the value of the entire car, a junk yard is as pretty as a brick substation to a farmer tired of using a kerosene lamp.

I'm in favor of beautifying America by beautifying this Johnson grass farm, but I don't know where to start. Well, I know where to start too, but this place is not for sale.

Yours faithfully,  
J. A.

Patsy Sauls

The Pep Squad Girls are all in a bustle, getting ready for the Football Banquet which is to be Nov. 19. Chairman of the banquet committee is June Hill, a junior. She will be assisted by Alice Ervine, Lavonia and Virginia Haught and Patsy Sauls, seniors; Vickie Acklin, Judy Liles, Quinell Willis, and Jan Young, juniors; Kathy Moore, Susan Wilder and Sandra Wolfe, sophomores; Sandra Payne, Cheryl Walton and Sally Young, freshmen.

They are busily engaged in last minute details, such as place cards, decorations and table arrangements.

HHS  
The Pep Squad is not the only group that is busy at this time. The band members are working on their show to be presented at Midland, Nov. 20. They will be marching their best, hoping to bring home a first rating.

HHS

The Junior Class will entertain the other classes Friday, when they put on their assembly.

HHS

Thursday, Oct. 28, the student body heard reports on Girl's State, Boys State and the Attorney General's Youth Conference. Judy Jenkins and Sheila Stone reported on Girls State and Tommy Ferguson and Jimmy Hawkins reported on Boys State. Jan Albritten and Jane Ferguson, who attended the Attorney General's Youth Conference, presented information learned at the conference. All these students attended the meeting held in Austin during the summer.

The National Honor Society selected Danny Cary and Johnnie Harbert for citizens of the month of October. Danny, son of Mr. and Mrs. R. A. Cary, is a member of the Future Farmers of America. A member of Central Avenue Baptist Church, he is also program chairman of the Jones County Youth Association. He

is employed at Howard Drug. Johnnie, daughter of Mr. and Mrs. Bill Harbert, is a senior. She is a member of the band, Spanish Club, Future Homemakers of America and treasurer of Library Club. She is also a member of First Baptist Church.

HHS  
Seniors received their class rings Monday. They are very pretty — with a large green stone in heavy gold mounting.

HHS  
Our congratulations to Mr. Cook. His picture was in a recent issue of The Interscholastic League as a member of the University Interscholastic Legislative Council. In the article it is noted that he earned 13 letters in four sports while a student at Howard Payne College, Brownwood. He has been a school administrator in Texas for 37 years.

Mr. Cook returned home Monday afternoon after attending the annual meeting of the Council in Austin, Nov. 7.

He was elected last year to fill an unexpired term and this year was re-elected for a three year term. He represents Region I AA. The Council is made up of 24 members.

HHS

Things were really buzzing at high school Monday night. The Junior Class was in the auditorium practicing for their assembly to be given Friday; the Library Club met in the library; the Future Farmers of America chapter was in session in the ag building; the Booster Club met in the cafeteria; and the monthly meeting of the Hamlin Board of Education was taking place in the Superintendent's office.

### Two racy new hardtops

A clean-sculptured new sport coupe with recessed rear window, and—for the first time — a 4-door Chevelle Sport Sedan. Pick from 12 racy-looking new Chevelles in all for '66.

Not only will you find more variety in the '66 Chevelle lineup, but even more of what makes a Chevelle a Chevelle.

Say you pick a new Malibu Sport Coupe, equip it with the new Strato-bucket front seats, and order the new 275-hp V8. You've got yourself even more machine.

Or pick a Malibu Sport Coupe, equip it with the new Strato-bucket front seats, and order the new 275-hp V8. You've got yourself even more machine.

Or maybe you'd like to pick a new black-grilled SS 396 Coupe or Convertible. (Standard engine is a Turbo-Jet 396 V8 with 325 hp. And there's also a 360-hp version you can specify.) Now you've got yourself the most.

Which '66 Chevelle for you? The answer to that covers a lot more ground than we can here. And that's where your Chevrolet dealer comes in.

## YEARS AGO...

**FIFTY YEARS AGO**  
November 12, 1915  
A party of Hamlin nimrods returned from the haunts of the much coveted deer after having much success. This party consisted of D. J. Payne, Rignall Edwards, L. E. Morgan, O. K. Wilson, F. Tidwell and Bert Myers. Payne was the honor of killing three deer out of five. Tidwell shot the other two. All report a good time.

The Womens Literary Club met with Mrs. A. A. Hackley. This being Library and Carnegie day, a number of spirited talks were given in favor of improving our library. However, it was decided not to start the book reception until we had procured a Club house or a place to put the library.

A little walk along the streets of Hamlin reveals the fact that our yards are full of the finest of beautiful fall flowers. We suggest a flower show next year. It would be hard to say just which street would be the prettiest just now, but there is one thing sure 9th would be hard to beat.

The school near Plasterco, known as the Martin school is to have a nice, new modern house nearer to Plasterco. The house will cost about \$2,000, and will be built on the latest plans.

Sunday night while a party of young men, consisting of Bert Nobles, Otto James, Scott and Guss Nobles were out on the road some three miles from town a coyote took the road ahead of them and of course the "Ford" had to "get by" some way. The result was, a dead coyote. No, the car was not injured, neither will the boys be pinched for speeding. Rotan needs a new calaboose the worse kind as the one we have is of no use. Last week, three prisoners dug their way to freedom while one dug out Friday night. There is no use of arresting anyone if we cannot keep them at least to stand trial.

### TWENTY FIVE YEARS AGO

November 8, 1940

Roosevelt carried 39 states. Willkie carried 9 states. Hamlin voting was light with 443 democratic ballots and 43 republican.

What promises to be and what ought to be the best and most exciting football game

of this season is going to be played in Hamlin Friday when the Pied Pipers take on Monday.

Hamlin FFA boys and their coach, Bob Campbell, were the recipients of high honors at the hands of the Santa Fe officials when five beautifully engraved certificates and five beautiful checks were delivered to them for the sum of \$42. The presentations were for winning the State Championship for judging stock at A & M. College last spring.

### FIFTEEN YEARS AGO

November 10, 1950

Hamlin Pied Pipers troupe Snyder Tigers in game replete with thrills.

About twenty-five members of the Hamlin Lions Club answered the roll call when first meeting was called to conduct preliminaries for their coming minirel.

Grand Opening of Mary's Style Shop, formerly managed as the Hunter's Style Shop is announced this week's issue of the Herald.

A blackface Minstrel show was staged at Sylvester last Friday night, by the American Legion and Auxiliary of that city. Program direction was by Mrs. Paul Stevens.

### TEN YEARS AGO

November 11, 1955

Third major fire of the year in the business section of Hamlin last Thursday afternoon completely destroyed the interior of the Ritz Theater. Damage was estimated by Mrs. B. S. Ferguson, owner, at about \$12,000.

Formal opening of brand new Humble service station located at the intersection of Central Ave and Lake Drive has been announced for Saturday, according to area officials of Humble. Agent at the new service station is E. A. Hewett, long time resident of the Hamlin community. Associated with him will be Lee Smart and Kenneth Hewett.

Fast stepping Steer basketballers of DePriest High School won their first game of the season Tuesday night over the Sweetwater Bulldogs by a 34 to 28 score.

### FIVE YEARS AGO

November 10, 1960

Hamlin went with the Coun-

ty, state and nation in electing Jack Kennedy to the office of President. Hamlin's margin of victory for Kennedy was just as close as the national margin with only 23 votes separating the two candidates out of the 861 votes cast here for the two.

Miss Billie Ann Vahlenkamp of Old Glory and Jerry Kennedy of Aspermont were honored Monday night as Gold Star Girl and Boy of Stone-wall County's Third 4-H Awards Banquet in the Aspermont School Cafeteria.

With Fullback Frankie Lee leading the way, the Pipers out chased the Spur Bulldogs Friday night 24-14.

Barbara Smart was honored as high school queen and Jimmy Mac Jeffrey was presented as football hero recently at the third annual homecoming for McCauley High School. Jack Breedlove of DePriest High School, one of the six delegates to attend the North Central West Texas District Association of Student Councils last week, was elected corresponding secretary for the district.

### Sophomores Lead FFA Honor Roll

Sophomore FFA members lead other classes for the first six weeks on the FFA Honor Roll. The sophomores places 44 % of their members on the honor roll. They were followed by the senior with 41.67 % and the juniors with 36 %.

FFA members making an "A" in vocational agriculture first six weeks were Gil Lain, Mike Young, Tommy Ferguson, John Hix, Rick Shamblin, Randy George, Bob Clifton, Bill Johnson, Marshall Bond, Mike Brown, Charlie Bishop, Keith Bundas, Joey Duncan, Milbourne Newland, Conald Contraras, Steve Feagan, Charles McPherson, Ronnie Rogers, and Raul Solis.

Members making all "A's" were Gil Lain and Mike Young. Members making an "A" average were Jimmy Hawkins, Tommy Ferguson, Charles McPherson, and Peter Comacho.

Members making the "B" average were Rick Shamblin, Robert Moore, John Hix, Gary Connally, Randy Smith, Joey Duncan, Mike Smith, Randy George, Marshall Bond, Mike Brown, Rocky Acklin, Paul Long, Milton Davis, Keith Bundas, Johnny Flowers, Don Walden, Bob Clifton, Joe Adams, Raul Solis, Bill Johnson, Donnie Jones, Larry McCoy, Ronnie Nelson, Steve Peace, Jackie Williams, Jim Bonds, Ronnie Rogers, Milbourne Newland, Jackie Buske, Steve Feagan, Phillip Simpson, Jimmy Price, Mike Murphee, Sammy Ferguson, and Hollis Stephens.

Automobile production in 1907 in the U. S. totaled over 50,000 cars valued at more than \$100,000.

God Bless...

God bless Mommie, Daddie, and all my friends at church...

"Hearken unto the voice of my cry, my King, and my God."

God's word has a great deal to say about prayer, for prayer is our means to communicate with God. Through prayer we can give thanks, petition for our friends, and seek God's wisdom for our daily living.

Make prayer a daily practice in your life.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Uncommonly good cooks use cool, modern gas

When you turn on a modern gas range it starts cooking—instantly. There's no warm-up period. When you turn off a gas range it stops cooking—instantly. There's no hangover heat to heat your kitchen or burn your food. And when you broil with gas you can keep the door closed because the gas flame consumes the smoke. You and your kitchen stay cooler, cleaner. Uncommonly good suggestion: see the modern gas ranges now on sale at Gas Appliance Dealers—or Lone Star Gas.

## FAIRVIEW NEWS

By Mrs. Elmer Joiner  
News gets scarier and scarier out our way, since the beautiful weather is still around and every one is as busy as can be, no one has time to think about going visiting. Maybe when they all get through with gathering cotton we can report that they all went shopping, since Christmas is getting closer and closer. It wouldn't be very interesting reading that John and Mary stripped cotton last week, John ran the stripper and Mary hauled it to the gin, so maybe if the weather stays pretty for a while longer our people can have time to do something besides work.

Speaking of the weather, this Monday morning is dark and gloomy, just wonder what it will bring, but every thing is still green, with the little wheat up and really growing. Has been ideal weather to sow wheat to get it up, it looks as if every seed came up.

Mrs. J. F. Vaughn and the Elmer Joiners were visitors of the Drakes, last Monday night. Mr. and Mrs. Buck Richie had been visiting for almost a week and we were all anxious to see Mrs. Richie demonstrate how she could walk on her new legs and she does a good job of it already, she has the grit and determination that it takes. The Richies returned home to Tulsa, Oklahoma Tuesday morning.

We were so sorry to hear that Mrs. C. C. (Miss Tinnie) Renfro, had suffered a stroke and was in the Hamlin Hospital, but at last report she was improving.

Plans had been made for the friends and neighbors of Joe Murff to go today and help him strip his cotton, but owing to damp weather this morning it looks as if it will have to be postponed. Since Mrs. Murff is in the Hospital, seriously ill, he really could use a neighborly act.

Mr. and Mrs. Jimmy Henry, Judy and Cathy, Midland, were Sunday visitors of Mr. and Mrs. E. A. Henry, Sunday. Other Sunday visitors were, Mrs. Mary Sue Henry, of Rule and Mrs. Ethel Bullock, of Petersburg. Mrs. Bullock is Mr. Henry's sister.

Mr. and Mrs. Claud Harrel, Anson were supper guests of the Winslow Grays, last Thursday night.

Saturday night visitors of the Elmer Joiners were their children, the Jimmy Joiners, Stamford, and Mr. and Mrs. Runt McCoy, Hamlin.

The wasps had become so thick in our church that it took a lot of nerve to set still and let them fly around, but last Wednesday, Mr. Ford went to church and killed them out. It being the time of

year that they are coming inside, some more had come in, but not nearly so many, maybe with one more killing we will be rid of them for the winter.

It looks as if some one is going to have to set some mouse traps and catch the mice, for another one played all over the building again Sunday night. Wasps, snakes, or even bears, might scare most people, but for myself a poor little mouse is the most frightening thing in the world. Isn't that silly, what could a poor little mouse do to you? Except scare you to death!

### Pauline Hunt Attends Nursing Home Convention

Pauline Hunt associated with Holiday Lodge was one of 500 nursing home representatives to attend the Texas Nursing Home Association 15th Annual Convention in Houston which ended Nov. 6.

Based on the theme "The Future of Nursing Homes in the Great Society," the statewide meeting drew registrants from all areas of Texas and speakers from all over the United States.

Conventioners heard Dr. Donald Conwell, of the Public Health Service, speak on nursing home participation in medicare; Senator Ralph Yarborough predict the future of the nursing home profession; William Hunt, Attorney for the U. S. Chamber of Commerce in Washington, speak on federal legislation affecting nursing homes; and Douglas Torrie, of the Veterans Administration, explain the V. A. contact patient program. Workshops and a business meeting completed the four day meeting.

The Texas Nursing Home Association is a professional association serving proprietary and non-profit nursing, convalescent and custodial care homes in Texas.

## Area Farm and Ranch News

By Don Elmore

Several head of cattle have been reported lost in the local area from Blackleg. Those farmers who have not vaccinated all of their calves between two months and two years of age should do so.

No one is completely free of the germ because it has been known to live in the ground for as long as 12 years. It usually hits the better calves weighing from 400 to 600 pounds.

Johnny Dominey, son of Mr. and Mrs. Bill Dominey, is attending Ranger Junior College. Johnny has a rodeo scholarship. He will be entering calf roping events at the college rodeos in the future.

This is relatively new for anyone to receive scholarships in rodeoing, but the sport is growing fast and it is a means for young people to get an education.

The All Girls rodeo at Sweetwater was a big success and anyone who didn't see the girls milking cows missed something.
